

Evacuate individuals  
**quickly, safely, and easily**  
from multiple level buildings  
with Ferno's **EZ Glide®**  
Evacuation Chair.

### **Easy Storage Solutions**

The EZ Glide's folding design with multiple storage options allows you to conveniently place the chair in any location.

### **Easy to Understand**

Easy to follow visual instructions are placed on the back so any person can quickly deploy the chair in an emergency.

### **Easy Maneuverability**

5-position adjustable lift bar and handles provide superior maneuverability to help any size operator navigate over all surfaces, down stairs, through tight spaces, and on to safety.

### **Easy Evacuation**

The EZ Glide® track system carries the weight down stairs, allowing one person to quickly and easily evacuate individuals up to 200 lbs, or two people to evacuate individuals up to 500 lbs. The PowerTraxx™ version allows for effortless evacuation, up or down stairs, of people weighing up to 500 lbs.

## Key Features & Benefits of the Ferno EZ Glide™ Evacuation Chair

---

- 15 year warranty
- 500 lb. weight capacity accommodates large patients
- Positive locking hinge mechanism ensures chair is locked in place whether deployed for use or folded for storage
- One inch track-to-ground clearance provides easier maneuverability over all surfaces, even with tracks deployed
- Smooth 4" front swivel wheels and extra tall 6" rear wheels provide added maneuverability in confined spaces, such as stair landings
- All metal frame construction
- Large patient seating surface, extending foot-rest, and lower track angle increase patient's sense of security
- 5 position lift bar and handles reduce the strain of lifting and provide maximum control for operators of various heights
- Optional PowerTraxx™ allows for effortless evacuation of patients weighing up to 500 lb either UP or down stairs!
